

MS5xxx::Readout

```
graph LR; A[MS5xxx::Readout] --> B[MS5xxx::read_adc]; B --> C[MS5xxx::send_cmd];
```

The diagram illustrates a three-step process flow. It begins with a gray rectangular box labeled 'MS5xxx::Readout'. A dark blue arrow points from this box to a white rectangular box labeled 'MS5xxx::read\_adc'. Another dark blue arrow points from the second box to a third white rectangular box labeled 'MS5xxx::send\_cmd'. All boxes have a black border.

MS5xxx::read\_adc
